Sub: Fire Fighting Equipment installation-reg.

Sir,

With reference to the subject cited above, it is inform you that KV, Ordnance Factory Dum Dum established and constructed in the year 1986 has two blocks comprising a G+2 storied building. As per the National Building Code (Fire and Fire Safety) the following are the requirements of fire fighting/ Safety of School building:-

- i). Fire Extinguishers
- ii). Hose Reel
- iii). Wet Riser
- iv). Automatic Sprinkler System
- v). Manually operated Electric Fire Alarm System
- vi). Underground static water storage tank (at least 5000 liters)
- vii). Pump near underground water tank (Fire Pump)

It is very much required in order to obtain fire safety certificate from the competent authority of WB Fire Service.

Kindly depute an appropriate Engineer to survey the site to prepare preliminary estimate for installation of adequate fire safety equipment.

Your prompt response in this regard is highly solicited.

Thank you.

Your's faithfully,

(Arvind Kumar Sharma)
